## RESERVE BANK OF INDIA

## NOTIFICATION

Bombay, the 9th March, 1963

In pursuance of Rule 18 of the Rules made by the Government of India under Section 28 of the Public Debt Act, 1944 and published in the Gazette of India of the 20th April 1946 (as amended under Notification No. F. (8) (70)-B/52 dated the 29th April 1954), the following list is hereby advertised of securities lost etc, in respect of which prima facie grounds exist for believing that the securities have been lost and that the claim of the applicants is just. All persons other than the respective claimants named below who have any claim upon these securities should communicate immediately with the Secretary, Reserve Bank of India, Central Office, Central Debt Section, Bombay.

The list is divided into two parts—Part 'A' being the list of securities now advertised for the first time and Part 'B' the list of securities previously advertised.

## NOTIFICATIONS

Dhanbad, the 19th February 1963

**No. BOARD/5164/63**—In accordance with the provision laid down in Regulation 14(5) of the Coal Mines Regulations, 1957, and in super-session of all previous notifications on the subject, the following bye-laws incorporating the amendments made from time to time for the conduct of examinations for, and grant of, managers' certificates of competency are published:

## BYE-LAWS FOR THE CONDUCT OF EXAMINATIONS FOR AND GRANT OF MANAGERS' CERTIFICATES OF COMPETENCY

1. *Type and extent of Training*—(1) For purposes of Regulation 16(2)(a), practical experience as a workman on different operations shall be approved as below:—

- (i) Experience as coal miner; or operator of coal face machinery—Upto 2 years.
- (ii) Experience in shotfiring; timbering; stone work or sinking—Upto 18 months.
- (iii) Experience in taking measurements/samples of mine air or mine dust; on haulage and track work; or as survey assistant or chainman; or as electrician or mechanic—Upto one year (including experience under clauses (2) and (3)).
- (iv) Experience as banksmen and onserter; operator of winding/haulage machinery and of pumps and mechanical ventilators—Upto six months.

(2) For purposes of Regulation 16(2)(a), practical experience as a mining apprentice shall be approved as below:—

- (i) Experience on general mining work—In full.
- (ii) Experience on ventilation and dust work—Upto one year.
- (iii) Experience on survey work—Upto six months.

Experience on practical mining research work, if carried out in the workings belowground, may also be approved upto a maximum period of one year.

(3) For purposes of Regulation 16(2)(b), practical experience of underground officials shall be approved as below:

- (i) Experience as sinder, overman, ventilation officer, safety officer, assistant manager and under manager etc.—In full.
- (ii) Experience as surveyor or engineer—Upto six months.

Experience in the capacity of other officials may be approved to an extent determined by the Board, provided that such official exercised real responsibility involving actual control and direction of some type of mining work. In case of such experience, the exact nature of work performed and degree of responsibility should be stated in the certificate.

(4) Except where otherwise approved by the Board, only such practical experience in opencast mines would be approved as has been obtained in mines having an average monthly output of not less than 2,500 tons of coal, and the extent of experience approved shall depend on the size and degree of mechanisation of the mines.

(5) Only such practical experience in metalliferous mines would be approved as has been obtained in mines having an average daily employment of not less than—

- (i) 60 persons belowground; or
- (ii) 400 persons in all or as may be approved by the Board;

and the extent of experience approved shall depend on the size and degree of mechanisation of the mines.

(6) The practical experience of a candidate shall be approved only upto 30 days before the date of commencement of the examination.

(7) Practical experience extending over a period of less than three months in case of workers, and four weeks in case of officials and apprentices, at a time shall not be approved.

(8) Every certificate of practical experience should contain precise information about the capacity in which the candidate worked, the nature of work done, and the date of commencement and termination of experience at each mine. No certificate of practical experience shall be considered unless it is granted by the manager of the mine. Every such certificate shall also carry the signature of the applicant, attested by the manager. No certificate of practical experience shall be accepted unless it is in a form prescribed by the Board.

2. *Frequency of examinations*—The examinations shall be held once at least in every year.

3. *Applications to be supported by original certificates etc.*—No application shall be considered unless it is supported by original certificates as to qualifications, practical experience, age, sound health and character, and is accompanied by evidence that the prescribed fee has been paid. The certificate of practical experience shall not be returned to the candidate.

4 *Appointment of examiners*—(1) So far as practicable, the examiners appointed by the Board for each of the examinations for the First Class Managers' Certificate and the Second Class Managers' Certificate shall be two or more mining engineers, each holding the First Class Managers' Certificate, and an Inspector of mines who shall also act as the Secretary for the examination.

(2) Except in an emergency, no member of the Board shall act as an examiner.

5 *Subjects and syllabus for examination*—(1) The candidates shall be examined in the following five subjects

- (a) Winning and Working
- (b) Mine Management, legislation and General Safety
- (c) Mine Ventilation, Explosions, Fires and Inundation.
- (d) Mine Venting.
- (e) Mining Machinery

(2) The syllabus for the examination for the First Class Managers' Certificate shall be as laid out in Appendix I, and for the Second Class Managers' Certificate as laid out in Appendix II

6 *Type of examination*—(1) The examination for each subject shall consist of a written paper (of three hours' duration) and an oral test; so however that, in case of a candidate who has not reached the standard laid down in Byelaw 8(1), the examiners may eliminate the oral test.

(2) Questions for each written paper shall be prepared by the examiner concerned and submitted to the Board. Every question paper shall be set by the Board in consultation with the examiner concerned.

(3) The oral test may be held at a date after the written examination and notified to every candidate concerned by the Secretary. The notice shall also indicate the place of the oral test.

7 *Subject Marks*—Every subject shall carry a total maximum of 140 marks, a maximum of 100 marks for the written paper and of 40 marks for the oral test.

8 (1) In order to qualify for the oral test, a candidate must obtain, in the written examination, not less than 40 per cent of the maximum marks each in at least four of the five papers and not less than 50 per cent of maximum marks of the five papers taken together.

(2) In order to pass the examination, a candidate must obtain

- (i) not less than 40 per cent of the maximum marks in each of the five subjects, taking the written examination and the oral test separately;
- (ii) not less than 50 per cent of the maximum marks in aggregate of the written examination and the oral test, taken separately, and
- (iii) an aggregate of not less than 60 per cent of the maximum marks of the written examination and the oral test taken together.

9 *Re-examination in One or More Subjects*—(1) If a candidate has satisfied the provisions of clauses (ii) and (iii) of Byelaw 8(2) and has also obtained not less than 40 per cent of the maximum marks in the oral test in each of the subjects, but has failed to obtain 40 per cent of the maximum marks in the written examination in one of the five subjects, he shall be eligible for re-examination in the subject in which he has so failed, at the next succeeding two written examinations.

(2) If a candidate has obtained

- (i) in the written examination not less than 40 per cent of the maximum marks in each of the subjects, and not less than 60 per cent of the maximum marks in all the subjects taken together,
- (ii) in the oral test, not less than 50 per cent of the maximum marks in aggregate, but has failed to obtain 40 per cent of the maximum marks in any one or two subjects,

he shall be eligible for re-examination in the subject or subjects in which he has so failed, at the next succeeding two oral tests.

(3) Every candidate who becomes eligible to be re-examined under Clauses (1) and (2) of this Byelaw, shall be duly informed of the fact by the Secretary.

Provided that if any such candidate is unable, by person of illness, to attend at the next succeeding examination aforesaid, he may at the discretion of the Board be permitted to be re-examined at the next respective succeeding examination.

(4) A candidate re-examined under this Byelaw shall be deemed to have passed in the examination as a whole if he obtains not less than 60 per cent of the maximum marks in the written paper or the oral test, as the case may be, in the subject or subjects concerned.

10 *Conduct of the Written Examination*—All candidates shall conduct themselves as required by the Secretary. The rules laid down in Appendix III shall apply to the conduct of the written examination.

11 *Penalty for misconduct*—Any candidate who submits a false certificate or counterfeits a certificate or makes a false declaration or adopts unfair means during the examination, may be disqualified by the Board and also debarred from appearing at any subsequent examination for a specified period not exceeding three years depending upon the facts of the case.

12 *Declaration of Results*—The results of the examinations as approved by the Board, shall be announced by the Secretary on a date fixed by the Board.

Development of safe explosives. Permitted and EQS explosives. Composition and testing of safe explosives. Millisecond detonators. Alternatives to explosives.

Fires and spontaneous heating. Methods of preventing, detecting and controlling mine fires. Sealing off fire-areas. Build up of extinctive atmosphere.

Firefighting, both on surface and belowground.

Sources of danger from water. Precautions to prevent inundations and irruptions of water. Boring machines for exploratory workings. Water dams. Water lodgements. Water danger plans.

Recovery of mines after explosions, fires and inundations. Reports on such occurrences.

(d) *Mine Surveying*

Measurement of distances. Chain surveying. Errors in chaining and plotting. Optical square.

Plane table surveying.

Use of magnetic needle. Magnetic declination; its determination. Forms of miners' dials and other compass instruments. Dialling. Loose and fast needle surveying.

Theodolites; types, adjustments and use. Triangulation. Base line and angle measurements. Precise traversing. Tacheometry.

Levels. Geometrical, trigonometric and physical levelling. Contours and contouring. Traverse, co-ordinates and levelling problems.

Use, care, testing and adjustment of instruments.

Plotting by protractor and co-ordinates. Use of scales and drawing instruments.

Dip and strike problems. Outcrop problems. Borehole surveying. Surveying calculations.

Computation of areas and volumes. Earthwork. Building estimation.

Laying out of rail-curves, surface and underground.

Principles of reinforced concrete construction, including design of beams, columns, retaining walls and other structures. Properties of other building material.

Methods of correlation, surface and underground. Measurement of depth inclined roadways and shafts.

Determination of azimuth, latitude and longitude.

Propagation and adjustment of errors. Theory of errors.

Types of plans. Their preparation, care, storage and preservation.

Legislation concerning mine plans and sections. Duties and responsibilities of surveyor.

(e) *Mining Machinery*

Strength of materials. Applied Mechanics.

Machine Design. Different types of gears and drives. Bearings, collars and joints. Brakes and friction clutches. Governors.

Machine tools and workshop processes.

Generation, transmission and utilisation of power. Steam, electricity and compressed air. Safety aspects.

Heat engines. General outline of working principles of steam generators and auxiliary equipment. Condensing plant. Reciprocating steam engines. Turbines. Internal combustion engines.

Conduct of gas, oil and steam engine trials. Boiler trials.

Application of electricity in mines. Motors, switchgear, other appliances. Circuit protection, remote control, and safety precautions. Electric cables, their installation.

Mechanical efficiency of engines. Measurement of indicated and brake horsepower.

Drilling, cutting and loading machines. Cutter loaders, mechanical picks and other modern mining machinery.

Design of winding, haulage and drainage systems.

Winding equipment. Winding engines. Winding systems. Koepe and D and sheaves. Ropes and guides. Braking and Dicking arrangements. Overwind prevention. Installation, examination and testing of winding equipment.

Haulage and Transport. Haulage systems and layout. Types of rope haulages, locomotives, conveyors. Details of haulage roads, rails and tracks. Self acting incline. Aerial ropeways. Haulage of men belowground. Pit tubs and mine cars. Creepers and trippers. Signalling. Safety devices.

Pumping. Types of pumps. Laying of water mains. Dealing with acid water. Sand pumps. Drainage. Lodgements.

Plants for screening, sizing and washing of coal.

APPENDIX II

SYLLABUS FOR EXAMINATION FOR SECOND CLASS  
MANAGER'S CERTIFICATE

(a) *Winning and Working*

Nature and occurrence of coal. Geological features of coalfields. Description and Indian coalfields.

Methods of boring. Boring through disturbed strata.

Methods of sinking. In ordinary and water-logged grounds. Shaft supports, temporary and permanent.

Driving of drifts.

Layout and development of simple shaft-top, pit bottom and haulage arrangements.

Opencast methods of mining. Different layouts. Mechanized quarrying with deephole blasting and heavy machinery. Benching and other safety precautions.

Underground mining. Methods of work: Longwall, Pillar and Stall. Methods of depillaring. Longwall mining. Stone drifting. Support of strata. Roadway and face supports, their types, setting, withdrawal etc. Packing and stowing. Roof control; Bumps. Shaft pillars. Protection of surface structures. Subsidence.

Use of explosives in coal, stone etc. Simultaneous shotfiring.

(b) *Mine Management, Legislation and General Safety*

Mine Organisation. Recruitment and control of staff.

Mines Act, and Regulations, Rules and Byelaws etc. made thereunder. Other legislation applicable to coal mines.

Accidents. Their causes and prevention. Accident reports. First Aid.

Miner rescue. Mine gases and their physiological effects. Rescue equipment. Resuscitation and reviving apparatus. Selection and training for rescue work.

Silicosis and pneumokoniosis. Dust sampling and analysis.

Other mines, diseases. Their symptoms, prevention and treatment.

Lighting standards and their assessment.

Sanitation, and health.

(c) *Mine Ventilation, Explosions, Fires and Inundation*

Natural ventilation. Mechanical ventilators. Fan accessories. Booster and auxiliary fans. Ventilation of headings and sinking shafts. Distribution, measurement and control of air in mines. Reversal of ventilation.

Heat and humidity.

Pollution of air in mines. Determining requirements of ventilation. Ventilation surveys. Ventilation plans. Inflammability of firedamp and coal dust.

Firedamp and coal dust explosions; their causes and prevention. Inflammability of firedamp and coal dust.

Occurrence, properties, characteristics, detection and measurement of firedamp.

Suppression and treatment of coal dust. Properties of stone dusts. Sampling and analysis of road dust.

Flame and electric safety lamps. Their design, use and maintenance.

Development of safe explosives. Permitted and EQS explosives. Alternatives to explosives.

Fires and spontaneous heating. Methods of preventing, detecting and controlling mine fires. Sealing off fire areas.

Firefighting, both on surface and belowground.

Sources of danger from water. Precautions to prevent inundations and irruptions of water. Boring machines for exploratory workings. Water dams. Water lodgements. Water danger plans.

Recovery of mines after explosions, fires and inundations.

(d) *Mine Surveying*

Measurement of distances. Chain surveying. Errors in chaining and plotting. Optical square.

Plane table surveying.

Use of magnetic needle. Magnetic declination; its determination. Forms of miners' dials and other compass instruments. Dialling. Loose and fast needle surveying.

Levels. Geometrical and physical levelling. Contours and contouring.

Traverse and levelling problems.

Use, care, testing and adjustment of instruments.

Plotting by protractor and co-ordinates. Use of scales and drawing instruments.

Dip and strike problems. Outcrop problems. Surveying calculations.

Computation of areas and volumes. Earthwork.

Laying out of rail-curves, surface and underground.

Types of plans. Their preparation, care, storage and preservation.

Legislation concerning mine plans and sections.

(e) *Mining Machinery*

Strength of materials. Applied Mechanics.

Different types of gears and drives. Bearing and joints. Brakes.

#### APPENDIX III

#### RULES GOVERNING THE CONDUCT OF THE WRITTEN EXAMINATION

1. No candidate shall be admitted into the examination hall until he has produced an authorisation issued by the Secretary. No candidate arriving more than 30 minutes late shall be permitted to attend the examination, no candidate arriving late shall be eligible for any extra compensatory time.
2. Before entering the examination hall, every candidate shall leave all books, notes and papers etc. outside.
3. Every candidate shall be required to sign in a register in which his roll number would be recorded.
4. Paper will be supplied, and no paper other than that so supplied shall be used.
5. Names shall not be written on the answer book. Every candidate shall write his roll number on the slip attached to the answer book and nowhere else. Any person who writes his roll number or name or initials etc., on his answer book is liable to be disqualified.
6. Ink will be provided. Candidates shall bring their own pens and pencils, drawing pens and drawing instruments including protractor.
7. Candidates will be supplied with logarithmic tables if considered necessary by the examiner.
8. The calculations and other work by which a result is obtained shall be clearly shown on the left hand side page, in immediate connection with the answer to the question under reference.
9. Sketches may be made to illustrate answers. When sketches are asked for, it should be understood that, unless otherwise stated, free hand sketches with dimensions are all that is necessary, and candidates need not spend time in making finished drawings.
10. Any candidate desiring to consult the examiner or requiring any paper or other material should stand in his seat to draw attention, but should not call out.
11. Any candidate speaking to any other candidate, or consulting any book or notes, or using paper other than that supplied by the Board, or using any other unfair means or acting in a manner considered improper by the examiner, shall be liable to be disqualified.
12. No candidate shall leave the examination hall before the expiry of one hour after the commencement of the examination.
13. When a candidate has completed the answers to the questions or when the time allowed for answering the questions has elapsed, or when a candidate has been disqualified under Rule 11, he must hand over the answer book to the Secretary and at once leave the examination hall.

G. S. JABBI

Chief Inspector of Mines and Charman  
Board of (Coal) Mining Examinations

**No. BOARD/SRV/5165/63**—In accordance with the provision laid down in Regulation 13(5) of the Coal Mines Regulation, 1937, and in supersession of all previous notifications on the subject, the following bye-laws incorporating the amendments made from time to time for the conduct of examinations for, and grant of, mine surveyors' certificates of competency are published.

#### BYE-LAWS FOR THE CONDUCT OF EXAMINATIONS FOR AND GRANT OF MINE SURVEYOR'S CERTIFICATES OF COMPETENCY

**1 Type and Extent of Training**—(1) The practical experience of a candidate shall be approved only upto 30 days before the date of commencement of the examination.

(2) Practical experience extending over a period of less than four weeks at a time shall not be approved.

(3) Every certificate of practical experience should contain precise information about the capacity in which the candidate worked, the

nature of work done, and the dates of commencement and termination of experience at each mine. No certificate of practical experience shall be considered unless it is signed by the manager of the mine or, in case of persons employed in an organisation other than a mine which is concerned with surveying the workings below ground of a mine, by the Officer in charge of the survey work. Every such certificate shall also carry the signature of the applicant, attested by the Manager or the Officer-in charge, as the case may be. No certificate of practical experience shall be accepted unless it is in a form prescribed by the Board.

**2 Frequency of examinations**—The examinations shall be held once at least in every year.

**3 Applications to be supported by original certificates etc.**—No application shall be considered unless it is supported by original certificates as to qualifications, practical experience, age, sound health and character, and is accompanied by evidence that the prescribed fee has been paid. The certificates of practical experience shall not be returned to the candidate.

**4 Appointment of Examiners**—(1) So far as practicable the examiners appointed by the Board shall be one or more persons, holding the Mine Surveyor's Certificate, and an inspector of mines who shall also act as the Secretary for the examination.

(2) Except in an emergency, no member of the Board shall act as an examiner.

**5 Syllabus and Type of Examination**—(1) The examination shall consist of two written papers and an orals test, so however that, in case of a candidate who has obtained an aggregate of less than 100 marks in the written papers, the examiners may eliminate the orals test.

(2) The syllabus for the examination shall be as laid down in Appendix I.

(3) Questions for each written paper shall be prepared by the examiner concerned and submitted to the Board. The question papers shall be set by the Board in consultation with the examiner concerned.

(4) The orals test may be held at a date after the written examination and notified to every candidate concerned by the Secretary. The notice shall also indicate the place of the orals test.

**6 Subject Marks**—The examination shall carry a total maximum of 300 marks—a maximum of 100 marks for each of the two written papers and of 100 marks for the orals test.

**7 Qualifying and Pass Marks etc.**—In order to qualify for the orals test, a candidate must obtain not less than 100 marks in the written examination, and in order to pass the examination not less than 50 marks in the orals test and a total aggregate of not less than 180 marks.

**8 Conduct of the Written Examination**—All candidates shall conduct themselves as required by the Secretary. The rules laid down in Appendix II shall apply to the conduct of the written examination.

**9 Penalty for misconduct**—Any candidate who submits a false certificate or counterfeits a certificate or makes a false declaration or adopts unfair means during the examination, may be disqualified by the Board and also debarred from appearing at any subsequent examination for a specified period not exceeding three years depending upon the facts of the case.

**10 Declaration of Results**—The results of the examinations as approved by the Board, shall be announced by the Secretary on a date fixed by the Board.
